Dundee[™] Collection
Solid Oak Wide Plank Flooring

Broaden your style horizons with wide plank solid oak

The most popular choice in hardwood, solid oak floors have graced America's homes for generations. Wide planks take this classic look to a new level of style and sophistication.

The Dundee™ collection combines the welcoming warmth of superior quality solid oak and the upscale elegance of wide planks, all with the uncompromising quality and lasting value you expect from Bruce®, the number one brand in hardwood flooring.

For your style

Wide width hardwood tops the list of the most fashionable looks in flooring today and continues to grow in popularity.

The rich look of 5" wide planks transcends trends and suits any décor.

Solid planks show off the full beauty, character and grain of oak in colors ranging from Natural to Mocha.

BUTTERSCOTCH – CB5216

With fewer lines to break up the floor, the 5" wide planks (above) give the room a greater sense of openness and space than narrow 2.25" strips (right).

For your lifestyle

Solid oak is the standard for hardness and is ideal for busy rooms and active homes.

A multi-layer Dura-Luster® Plus urethane finish with aluminum oxide resists everyday traffic, wear, soil and stains.

50-year Residential Finish Warranty
Lifetime Structural Warranty

Natural – CB5210

Butterscotch – CB5216

Gunstock – CB5211

Saddle – CB5217

Cherry – CB5218

Mocha – CB5277

*Dundee™ solid oak is available in a variety of widths and colors.

Dundee™ Collection

Solid Oak Wide Plank Flooring

For lasting value

Hardwood floors are available in a wide range of price points, reflecting not only the style but the quality of the floor. What makes Dundee wide plank oak such a great value?

Better materials

Dundee features select and premium grade Appalachian oak for solid hardwood floors with fewer streaks, knots and flaws. Lower priced competitors use lower grade hardwoods, leading to shorter boards, more flaws and more waste.

mill run

Better craftsmanship

From milling techniques like straight line ripping to our meticulous finishing process, Bruce focuses on maximizing quality, not quantity. The result is straighter, flatter planks with consistent color and precise installation.

Bruce guarantees our Dundee wide plank floor will be structurally sound and free of manufacturer's defects for as long as you own it or we will replace it at no charge. We'll even pay for installation if it needs replacement in the first two years of ownership. See your Bruce Floor Care and Product Warranty Guide at Bruce.com for full terms and conditions.

Solid wide plank floors do cost more than narrow strips, simply because more raw lumber is required to get larger unblemished planks. However, Bruce leverages its buying power as the number one brand in hardwood flooring to get the best pricing on the best grades of wood.

Wood is a natural material containing distinctive differences in color and grain configurations. It is these differences, caused by nature, that create the warmth, beauty and originality of each hardwood floor. The printed room scenes and color swatches in this brochure are intended as a visual guide, not as an actual color or grain pattern representation of the flooring itself.
