COLLINGSWOOD™ | SOLID HARDWOOD

Naturally Refined. Unmistakably Hardwood.

Collingswood™ celebrates solid hardwood in its most refined form. Where entry grade hardwood leans into heavy character, this standard and better collection delivers a cleaner, more sophisticated visual.

From responsibly sourced Appalachian Oak to domestic manufacturing, our hardwood is crafted with care and pride – supporting American craftsmanship that delivers quality you can trust. As a naturally sustainable resource, solid hardwood floors can be refinished without the expense of replacement and increase the value of your home long-term.

- Featuring America's most popular and affordable species, Oak
- More consistent color and grain balance, with reduced knots and mineral streaking
- Available in 3-1/4" width, offered in both a low or high gloss finish
- Square edges and ends provide a site-finished look, without bevels to offer a seamless appearance
